

EXPERIENCE

CSRBOX [in Collaboration with IBM SkillsBuild]

Remote

Apprenticeship

June 2025 – July 2025

- Gained experience in the field of Agentic AI, Prompt Engineering and Large Language Models including Langraphs, Gemini.
- Utilized automated agentic tools like Relay application.

ShapeMySkills Pvt. Ltd.

Apprenticeship

July 2023 – Aug 2023

- Successfully completed training in the field of Advance Data Science Using Python.

XPERIA3D [Formerly Rjwada]

IIT Delhi

Graphic Designer Intern

Nov 2022 - Feb 2023

- Created digital and print designs, used Adobe Creative Suite, assisted with web and app design and managed multiple projects.

PROJECTS

AI Powered generative Medical Imaging Platform

Image Enhancement and Disease Diagnosis Using Explainable AI

- Finetuned Real-ESRGAN for Image Enhancement and Resnet50 for Disease classification.
- Achieved accuracy of 98% and Avg. Specificity of 97.8%
- Ensured explainability using GradCAM

CivicSphere: Legal Agentic AI Model

- Injected authoritative legal datasets to ensure high accuracy and verifiability of generated responses.
- Integrated LLM using Openrouter API.

Age and Gender Detection using OpenCV in Python

- Enhanced model Accuracy by 50%
- Achieved 89% precision in demographic predictions

Gender Detection using Speech Analysis

- Increased personalized user experiences by 40%
- Improved assistive technology accuracy by 25%

Automated Text Summarization

- Tested on 50 documents, achieving 90% precision in text extraction and summarization

Twitter Sentiment Analysis

- Analyzed Twitter data to classify sentiments as positive, negative, or neutral using NLP techniques and text preprocessing.
